PROJECT DESCRIPTION

Applicant/ Sponsor: City of Prescott		Year of Application: 2011
Project Name: Jacques Park Expansion Land Acquisition	Primary Purpose: <input type="checkbox"/> Habitat Areas <input checked="" type="checkbox"/> Local Parks <input type="checkbox"/> Natural Areas <input type="checkbox"/> Urban Rivers <input type="checkbox"/> State Trails <input type="checkbox"/> Urban Greenspace <input type="checkbox"/> Streambank Protection	

Project Description: This project is for the acquisition of two properties totaling .248 acres adjacent to Jacques Park located along the Mississippi River in the City of Prescott. The two parcels will be used to improve accessibility to and the enjoyment of the Mississippi River by increasing parking spaces, providing a handicapped accessible pavilion with rest rooms and adding green space. The proposed improvements will be paid by the City of Prescott.

FINDINGS OF FACT:

Proposed NBOA Prohibition or Restrictions

HUNTING			
	Gun Prohibition/Restriction	Archery Prohibition/Restriction	List Dates/Seasons (opening and closing)
Waterfowl	Prohibited	Prohibited	
Small Game	Prohibited	Prohibited	
Turkey	Prohibited	Prohibited	
Large Game	Prohibited	Prohibited	

Public Safety Team Narrative: The proposed parcel is very small, less than .3 acres, within the municipal boundaries, in a residential area and adjacent to a road. Across the road is a parking lot. The proposed development is to pave the area to establish more parking area and a handicap accessible pavilion with restroom.

The small size, proximity to roads, dwellings and vehicles occupied by humans dictate that the discharge of firearms and bows and arrows be prohibited based on public safety. Since this is a residential area and will be a paved, it will provide little or no value as a hunting area.

Parcel Size, Shape, and Topography: Describe the size, shape, and topography of the parcel and how it relates to public safety for this activity.

This property is .248 acres in a residential area and the topography is flat.

Public Safety Factors Considered: Check all that apply.

☒ The sponsor is within its own municipality boundary
☒ Parcel is within 100 yards of building devoted to human occupancy
☒ Parcel is within 50 feet of the center line of highways & roads
☐ Parcel is within 1700 feet of school grounds, hospital, or sanatorium
☒ Ordinance exists –
 ☒ Discharge or carrying a weapon ☒ Hunting within a park ☐ Throwing or shooting missiles, arrows, spears, etc.
☐ Parcel is subjected to a non-sponsor ordinance
☒ Parcel is adjacent to a parcel where the NBOA's to be prohibited already exists.
☐ Parcel is adjacent to a public waterway.
☒ Visitor's expectations of safety at the site, which includes user conflicts that may create public safety issues and
 ☐ impact one or more NBOA's activities. Describe: Visitors do not expect to find hunters in a residential parking area.

☐ Other _____

Prohibition or Restriction Necessary to Protect Public Safety: ☒ Yes ☐ No

Across the road is a parking lot. The proposed development is to pave the area to establish more parking area and a handicap accessible pavilion with restroom.</p> <p>This area is small in size, close to roads, dwellings and vehicles occupied by humans. The area does not contain any upland or water habitat; this greatly limits the types of trapping sets that would be legal.</p> <p>Since there is no upland or water habitat, the chance of trapping any furbearing animals is small, however, the area will be highly utilized by the public. The area will be paved so traps would be in the open and likely to "catch" a person or domestic animal. Trapping in this area is a public safety concern.</p>
